Traffic Agencies are Maintained by The Delaware and Hudson Railroad Corporation as listed hereunder, and all offices are equipped to furnish prompt information concerning rates, routes and service, and advice as to other matters pertaining to the handling of your freight traffic.

The Delaware and Hudson is an important and dependable bridge line between the South and West and New England and Eastern Canada. Its power and roadway are maintained to the highest standards. Terminals operate freely both in the receipt of traffic from other railroads and in delivery to connections and all cars are moved currently.

We are anxious to serve you and believe our service will please you. Consult the nearest representative who is in a position to be helpful in your transportation matters.
